

## Mark // When She Comes

When she comes everything around  
Is so cool and it makes me happy  
When she comes everything around  
Is so sweet, so perfect  
Please, don't go  
Please, don't throw my love away  
Let's dance

When she comes I don't feel no sorrow -  
I am so high  
No shame, no bullshit  
Extension, when she...  
Uh, uh, uh... when she comes to me  
That's what I'm saying now  
It always makes me happy  
And every time I see the same illusion  
And everywhere I make the same conclusion:

When she comes everything around  
Is so cool and it makes me happy  
Let's dance
